

## Seri Industrial S.p.A./FIB S.p.A

### Appointment of the CTO for the Teverola 2 Gigafactory

**Teverola/San Potito Sannitico, 26 June 2023**

Seri Industrial S.p.A announces that today the subsidiary FIB S.p.A. ("FAAM") active in the production of lithium-ion cells, modules and batteries, has nominated Mr. Dominique Ligeois as the new Chief Technology Officer.

Mr. Ligeois will be responsible for all the activities related to the development, construction, process engineering, and project management related to the Teverola 2 project, where FAAM intends to build up a 8GWh/year factory.

Dominique has been working on li-on cell and battery engineering since 1995, leading and setting up multiple industrialized production lines in different countries (mainly US, France and Sweden) and companies.

The nomination is part of the activity that FAAM is doing to build up a strong, international and skilled workforce for the Teverola cluster.
