

SERI INDUSTRIAL S.p.A.

Approved an update of the 2023-2026 consolidated business plan

San Potito Sannitico, July 27, 2023

Following up on the press releases of June 22, 2022 and March 22, 2023, Seri Industrial S.p.A. announces that the board of directors today approved an update to the consolidated business plan for the period 2023-2026 (the "Plan").

The Plan, despite the postponement of the deadline for the Teverola 2 production plant to become fully operational from 2025 to 2026, is expecting revenues of about 2.2 billion euros in 2026, in line with the previous plan.

Seri Industrial S.p.A. is a company listed on the EXM market of Borsa Italiana. Seri Industrial's *mission* is to accelerate the energy transition toward sustainability and decarbonization.

The Group operates through two companies: (i) Seri Plast, active in the production and recycling of plastic materials for the battery market, automotive, packaging, and hydro-thermo-sanitary sector; (ii) FIB, active, through the FAAM brand, in the production and recycling of lead and lithium batteries for traction, industrial, storage, and military applications, as well as in the design of plants for the recycling of batteries.
